

Blow Your Mind

MONSTA X

I'll blow your mind

I feel you looking at me, you try to hide it
I wanna know what you see, I bet you like this
I put my heart on my sleeve, want you to find it
I wanna dive in deep

Oh, in your eyes
There's a spark that can light up a fire
Let it burn, feel the rhythm tonight
If you fall, I will catch you, oh I'm, oh I'm

Dying to know (Uh)
Is it me, is it me you want? (Uh)
Let me dance, let me dance you off (Uh)
Take a chance, let's get it on
I'll blow your mind up
Make you feel, make you feel my love
Let me dance, let me dance you off
Take a chance, let's get it on
I'll blow your mind

Hey, hey, hey
Hey, hey, hey
Hey, hey, hey
I'll blow your mind

You got a vibe of your own, it's so electric
I want your body so close, keep us connected
Don't think you want me to go, you're too affected
I wanna dive in deep (I wanna dive in deep, yeah)

Oh, in your eyes
There's a spark that can light up a fire
Let it burn, feel the rhythm tonight
If you fall, I will catch you, oh I'm, oh I'm

Dying to know (Uh)
Is it me, is it me you want? (Uh)
Let me dance, let me dance you off (Uh)
Take a chance, let's get it on
I'll blow your mind up
Make you feel, make you feel my love
Let me dance, let me dance you off
Take a chance, let's get it on
I'll blow your mind

Hey, hey, hey
Hey, hey, hey (Oh)
Hey, hey, hey (Blow)
I'll blow your mind (Oh-oh-oh)
