Tonight, your face is like a blue moon

La la la la la la la la la
La la la la la la la la la
I see myself in the dusty mirror
As I deny the endlessly twisting days
That they say will pass some day
With the merciless and dark night
I covered myself with the blanket in my dark room
Should I forget all the streets that we remember?
But I'm already regretting
Is it too hard to catch you again?
I still see you above in the sky
Your face like the blue moon

Your darkened face
Flickers before my eyes, what you said yesterday
Don't wanna say goodbye
Don't wanna say goodbye
I see you saying goodbye and turning around
I can't let it go because you seemed alright
Don't wanna say goodbye
Don't wanna say goodbye

I'm fine thank you and you
Just asking,
This might be the last conversation of you
Long time movie's overdue
Have to say bye sign que
I let out a sigh, I think I should tell you
Have to say the truth baby
My lover
You're gonna be the past perfect

I'm sick and tired of this bullshit
We were so passionately in love
But the fire of our love is extinguished by your tears
Let's get blind this sec
I'm sorry babe (sorry)

Your words that became so difficult
Now I finally understand, even the passing time
Don't wanna say goodbye
Don't wanna say goodbye
The day rain fell on my head without a word
The dark night where I couldn't see anything
Don't wanna say goodbye
Don't wanna say goodbye

La la la la la la la la la
(You understand, right?)
La la la la la la la la la
(Everybody sing it together)
La la la la la la la la la
La la la la la la la la la
(Sorry, don't wanna hurt you girl)

Your darkened face
Flickers before my eyes, what you said yesterday
Don't wanna say goodbye
Don't wanna say goodbye
I see you saying goodbye and turning around
I can't let it go because you seemed alright
Don't wanna say goodbye
Don't wanna say goodbye

Yeah, don't wanna say goodbye
Wherever you go, you can never leave
Why wouldn't I know
That it was harder than anything else
I hate myself tonight for not even saying this
Yeah, don't wanna say goodbye
Wherever you go, you can never leave
Why wouldn't I know
That it was harder than anything else
I hate myself tonight for not even saying this

Tonight, your face is like a blue moon
