You probably erased me now
You won't be hung up on the past
But in my memories
It's still only your face that whispered to me
Inside your memories
I'm just someone who's not there
A face you've never seen
I can't do this anymore
If only I could erase you,
If only I could forget you
I don't need any sweet love songs
It's broken heart
I don't have a song to make you stay
Now leave (go far away)
You standing next to me (you)
The sound of your laughter (all of it)
I don't need it (none of it now)
I don't need any of it (none of it now)
Take all that is yours that isn't mine,
And leave right away

A yo girl, my heart feels suffocated and dark
Girl, it's so hard,
This feeling of love
It's 2AM right now,
My emotions are exploding
All the songs I wrote as I thought of you
Are groundless now

I won't have it ever again
The precious times to be in love with you
But you're in my memories
As I'm holding on, not able to forget a single moment

You used to whisper to me
But you keep getting farther away
I can't get closer to you anymore
I can't do this anymore
If only I could erase you,
If only I could forget you

I don't need any sweet love songs
It's broken heart
I don't have a song to make you stay
Now leave (go far away)
You standing next to me (you)
The sound of your laughter (all of it)
I don't need it (none of it now)
I don't need any of it (none of it now)
Take all that is yours that isn't mine,
And leave right away

I have to erase you now,
Though I don't want to acknowledge it
I don't think I've forgotten you yet

I don't need any sweet love songs
It's broken heart
I don't have a song to make you stay
Now leave (go far away)
You standing next to me (you)
The sound of your laughter (all of it)
I don't need it (none of it now)
I don't need any of it (none of it now)
Take all that is yours that isn't mine,
And leave right away

I can still smell the scent
Of the memories at the tip of my nose
I can hear the sound of love in my ears
You keep flickering before my eyes
But now I'll wrap it all up, bury it all down
If only I could turn back time
To when it used to be "us"
I'd go to you
