We wanna go hard
We wanna get it on right now

Girl I'm doing much better
Than the other boys
What's the point of saying things twice with one mouth
Your every side is now surrounded by me
Catching your heart
Became a step easier

Recheck, there's no need, just come to me
Show it twice more, do it better, twice more
A new start, a moment to be free
Raise the volume twice more, get it 'em

Me, who is pushing you away, I hope you understand
To hide my heart that likes you
A bit slowly, calmly

I can't wait anymore
I'm going to show it
So that you can't stray away anymore
I'll hold you more warmly
Checkmate

Do, do, do better, twice more
Do, do, do better, twice more
Be a bit more assertive
Fill up my heart that's lacking

Do, do, do better, twice more
Do, do, do better, twice more
Lead me
Let me feel this moment even more

This was all a waste of time since the beginning
I don't need it, this preparation
Whether it's playing hard to get or a some, why drag it on?
That's right, a trespass without any prior warning
You better remember it clearly from now on

I know, I explore through your mind
Time will pass if you hesitate, why hold back?
I've been honest enough up till now
Now it's your turn to show it
You're at a checkmate inside of me

Me, who is pushing you away, I hope you understand
To hide my heart that likes you
A bit slowly, calmly

I can't wait anymore
I'm going to show it
So that you can't stray away anymore
I'll hold you more warmly
Checkmate

Cha-cha-cha change, change my heart
Cha-cha-cha change, change me
More thrilled to be new
Show me the world

Cha-cha-cha change, change my heart
Cha-cha-cha change, change me
Lead me
Let me feel this moment even more

I'm rider, don't worry about anything and just run
No matter what road it is, there's nothing to be afraid of
There's nothing to be afraid of if we're together
Taking this feeling right now and continuing forth, we going up
Pull it up, you gotta change up

You will completely change through me
I say it once more, this moment where you get me
Get it on get it on, this moment right now
Checkmate

Do, do, do better, twice more
Do, do, do better, twice more
Be a bit more assertive
Fill up my heart that's lacking

Cha-cha-cha change, change my heart
Cha-cha-cha change, change me
Lead me
Let me feel this moment even more
