Where is the night with a sore throat?
On the road again in an endless long dream
Your non-stop voice runs, a strange place
As long as I breathe towards you

Those shining eyes that will not be forgotten
The spin of this heart that gets rougher
My heart agonizes all night
Even in the desert sand breeze and in the harsh rain
You are all in my heart

This endless thirst, oh my love
I can't be filled, I'm not you
You are the only paradise Ye my love
I can't stop thinking of you

It burns and runs, day and night

Fire love like gasoline
We burn each other
Repeated memory, memory, memory
Fire love like gasoline
Until my breath stops
A dream that won't end
Fire love like gasoline

Old scars, your traces engraved (I miss you)
The answer to the question I could see now that I missed back then
You are like a mirage in my eyes again
The deeper the thirst

I feel that I want more

I like the fiery heat, baby, come on, put oil
Come to work as you pull, let's go to Hawaii, Aloha
HHHH LET'S GO
I feel good when I think of you
I just don't cover the water and let you go
I miss the time I discarded, you were as beautiful as the picture I just dre
