

glass half empty

MONSTA X

I'm always staying up
'Til the clock hits two, just trying to work through all your drama with you
I'm always saving you, but I got problems too
Putting you first don't help me solve 'em quicker

They're taking all that I got, I'm giving more than I have
And I'm the one who ends up with nothing
Everything comes at a cost and I can't cover the tab
Honestly, it's been a long time coming

I ain't saying that I'm running out of love for you
But someday all this giving just might get me
Don't know how long I can try to fill it up for you
If I keep pouring from a glass half empty

Man, it's hard to be a people pleaser
Making me a priority ain't getting any easier
Don't know how long I can try to fill it up for you
If I keep pouring from a glass half empty

Yeah, I tried to be there for you, pick you up from the airport
Help you move into that new studio, it's true I care for ya
But I'm starting to realize that I need more me time
'Cause I'm out here drowning even though I say I'm fine

I ain't saying that I'm running out of love for you
But someday all this giving just might get me
Don't know how long I can try to fill it up for you
If I keep pouring from a glass half empty

Man, it's hard to be a people pleaser
Making me a priority ain't getting any easier
Don't know how long I can try to fill it up for you
If I keep pouring from a glass half empty

They're taking all that I got, I'm giving more than I have
And I'm the one who ends up with nothing
Everything comes at a cost and I can't cover the tab
Honestly, it's been a long time coming

I ain't saying that I'm running out of love for you
But someday all this giving just might get me
Don't know how long I can try to fill it up for you

Man, it's hard to be a people pleaser
