

# MISBEHAVE

MONSTA X

Burning flowers after hours, I'd be dying if I didn't love this  
pain  
Smashing plates and broken dates and all the lies I'm telling j  
ust to see your face

Picture perfect only works in movies, I don't care about a wate  
r scene  
I only feel alive when I don't feel safe, I wouldn't wanna have  
it any other way

I love it when we misbehave, they say that we got issues, but g  
irl, that's why I'm with you  
Love it when we mess this up, every time we argue, straight int  
o the bedroom  
And we only break up, just so we can make up, and I can hear yo  
u call my name  
I love it when we misbehave

Running lights and picking fights, we drunken swimming naked in  
the hotel pool  
Slamming doors and starting wars for laughing when we wake up i  
n the afternoon

Picture perfect only works in movies, I don't care about a wate  
r scene  
I only feel alive when I don't feel safe, I wouldn't wanna have  
it any other way

I love it when we misbehave, they say that we got issues, but g  
irl, that's why I'm with you  
Love it when we mess this up, every time we argue, straight int  
o the bedroom  
And we only break up, just so we can make up, and I can hear yo  
u call my name  
I love it when we misbehave

It feels so wrong but it feels so right  
Emotions bottle up, got the cap too tight  
We could talk it out, but you love to fight, right?  
Is it misbehaving when we love all night?  
Mess me up good, you're my bad girl, bad girl  
Just misunderstood, need you bad, girl  
I love it when we misbehave

I love it when we misbehave, they say that we got issues, but g  
irl that's why I'm with you  
Love it when we mess this up, every time we argue, straight int  
o the bedroom

And we only break up, just so we can make up, and I can hear yo  
u call my name  
I love it when we misbehave
