W microphone checker
Forget about a tickling some,
you're just mine
A yo yo yo yo don't push that space bar
My mood is rising right now,
you know what I mean girl?
Your neck is at a 90 degree angel right now,
why are you so stiff?

Stop pretending to be cool
Stop pretending you fox,
you already came into me
and there's no exit here

I'm gonna go with this
so hurry and follow me
Hurry, it's easy to come in,
trust yourself with me

No Lie (Lie) I won't lie
All Right (Right) Before the night is over

Everybody let's come and started
Shake it let's party

Let's go go
Everything is ready baby
Let's roll roll
Come in, come in but there's no exit
That's no no
Are you kidding? I didn't even start
Let's burn burn
Come in, come in but there's no exit

eheheheh oh eh oh eheheheh oh eh oh
Turn up!

Hurry baby, come in, time is up,
now move it
Everybody, come in, hurry,
there's no time, come in

Pretty face, cola bottle body
I don't have to turn up, my destination is I'm
Girls and ladies can't fall asleep like a caffeine
Even when they dream, they drool, wetting pillows
The dream is about me becoming your lover
Trying to have me is X, it's impossible
I turned on a light in your heart
I'm your emergency exit
All the guys you've met are not as good as they seem

Let's go go
Everything is ready baby
Let's roll roll
Come in, come in but there's no exit
That's no no
Are you kidding? I didn't even start
Let's burn burn
Come in, come in but there's no exit

Can't help it. Just live here. If you hate me,
then curse at me. Pretending to be icy? No thanks
I can tell what your size is, your type
Run if you can, it'll be a win-less fight ight?
You keep your space with art
Throw away those tickling methods of love
You're trapped here and I nailed up the exit
If this is love and war, I'll show you no mercy

Let's go go
Everything is ready baby

Let's roll roll
Come in, come in but there's no exit
That's no no
Are you kidding? I didn't even start
Let's burn burn
Come in, come in but there's no exit

Eeheheheh oh eh oh eheheheh oh eh oh
Go go go turn up!
Eheheheh oh eh oh eheheheh oh eh oh
Turn up!
