

# Play It Cool

MONSTA X

Hold tight for me  
Don't get comfy  
My type I see  
And I know that you know me

I move my feet  
She follow me  
Into the streets  
There's a bar at the hotel

So let's go be the clientèle  
'Cause we look like the cartel  
Yeah yeah yeah yeah

I'm addicted to right now  
And I want it to stay round  
Tell your powers to calm down  
Yeah yeah yeah yeah

There's something about you

Baby, I like the way that you keep moving 'round the place  
And when you're dancing in my face  
Oh, I just play it cool  
Baby, I like the way that you keep moving 'round the place  
And when you're dancing in my face  
Oh, I just play it cool

Baby, I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving  
I like the way

I speak French, oui  
It's c'est la vie  
Your energy's taking over me  
Don't stop  
Got me a feelin' a whole lot  
Tell your powers to calm down  
Yeah yeah yeah yeah

There's something about you

Baby, I like the way that you keep moving 'round the place  
And when you're dancing in my face  
Oh, I just play it cool  
Baby, I like the way that you keep moving 'round the place  
And when you're dancing in my face  
Oh, I just play it cool

Baby, I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving

I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving  
I like the way

Baby, I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving  
I like the way that you keep moving

And when you're dancing in my face  
Oh, I just play it cool
