New life, new world, c'mon
For some reason, my heart's fluttering today
The wind that feels good after a long time
The smallest things make me smile

My days that used to be on repeat
Were all colored grey
To me, who was like this, you appeared

Step on it, our relationship beep beep
Let's go, excitedly, the two of us
I'm already excited
I don't want to send you away tonight boringly
That's why I make a wish
I wish and wish, my genie
Tell me your wish and if my wish doesn't come true then GG
I don't want to get tired of these feelings
24 hours, give me just one day

I can't it, it must be a lie
My ideal type that I only saw in dreams
What kind of scent will you hypnotize me with today
Picking me up and down, you make me go crazy

You're a roller coaster
A feeling that I can't express in words
Did you cast a spell on me
I feel like I'm going to explode when I stand in front of you
Slowly or speedily
It repeats everyday, just like a roller coaster

Oh god my loosened gaze
The moment I saw you, I put down what I was doing
And as if I'm hypnotized by something,
As if I'm crazed by something
On instinct, a feeling-like feeling came to me
Girl you gotta feelin this problem
I go to you in full speed
Don't think too much, there's going to be an accident anyways

I can't believe it, it must be a lie
My ideal type that I only saw in dreams
What kind of scent will you hypnotize me with today
Picking me up and down, you make me go crazy

You're a roller coaster
A feeling that I can't express in words

Did you cast a spell on me
I feel like I'm going to explode when I stand in front of you
Slowly or speedily
It repeats everyday, just like a roller coaster

Just like slow motion, everything in this moment slows down
It feels like I'm under a spell
Your name from now on is baby baby baby

You're a bad girl who picks me up and down
Please just leave me alone from now on
Whether it's fast or slow, there's no change
Roller coaster, you were my end

You're a roller coaster
A feeling that I can't explain in words
Did you cast a spell on me
I feel like I'm going to explode when I stand in front of you
Slowly or speedily
It repeats everyday, just like a roller coaster
