You are next to me
There's nothing that shines brighter than you
I'm wandering right now
Like a lost child

One and only like a holy
I'm fascinated by the bright light of your beauty
I'm bringing you inside
Into my once dark days
You color me into bright white

You're so beautiful, shine more
So I can keep looking at you
I'm not satisfied with just once
Smile for me again just like that
Spread your arms and come into mine
Tightly be held in my arms
I wanna fill up the empty spaces with you
I'll shine on you

Shine forever
Yeah yeah yeah yeah
Shine forever
Look around you, you're shining
Shine forever
I'm the only spotlight on you
Every moment you're here is a highlight
Shine forever
Forever know
Come to me, you know ah

Don't show yourself
To other guys anymore because it'll be hard for you
I'll be by your side now
So you won't be alone

I'll take your warm light
My flower is photosynthesizing
My bright angel
Make me go blind
I finally got to know you
Your brilliance
Put on your wings and fly over to me

You're so beautiful, shine more
So I can keep looking at you
I'm not satisfied with just once
Smile for me again just like that
Spread your arms and come into mine
Tightly be held in my arms
I wanna fill up the empty spaces with you
I'll shine on you

Shine forever
Yeah yeah yeah yeah
Shine forever
Look around you, you're shining
Shine forever
I'm the only spotlight on you
Every moment you're here is a highlight
Shine forever
Forever know
Come to me, you know ah

I'll risk my everything
To run to you, who shines
I wanna throw away all other thoughts
So only time to focus on you remains

Your bright light
Let me touch you
Your arms filled with warmth
Let me be held in those arms
Shine forever, keep shining
Even if I get lost
Keep shining

Shine forever
Yeah yeah yeah yeah
Shine forever
Look around you, you're shining
Shine forever
I'm the only spotlight on you
Every moment you're here is a highlight
Shine forever
Forever know
Come to me, you know ah
Shine forever
