SOMEONE'S SOMEONE

MONSTA X

Maybe this is crazy
Crazy just to wonder
Wonder if there's someone
Meant for you

Sunshine when it's raining
Raining over lovers
Lovers in the shade of
Colored blue

Is there someone to give it all?

We all wanna be someone's
Wanna be someone's someone
With somebody we can't live without

We all wanna be someone's
Wanna be someone's someone
Someone we can't live without

Sick of being perfect
Perfect with no reasons
Reasons are for people
You're meant to lose

Someone full of secrets
Secrets in the shadows
Shadows leave excuses
Breaking through

Is there someone to give it all?

We all wanna be someone's
Wanna be someone's someone
With somebody we can't live without

We all wanna be someone's
Wanna be someone's someone
Someone we can't live without
Someone we can't live without
Someone we can't live without
