Sorry I'm not sorry

I don't wanna stay, I don't wanna play
I don't wanna have this nightmare again
Sorry I'm not sorry
I don't think it's my fault

Thank you for tonight, for a lovely night
I'll say hello lightly
Sorry I'm not sorry
I never wanna see you again

In this calm weather
I think it's raining for some reason
I don't want to go out
Is it just annoying
Don't know why

Somehow a depressing day
It seems to be floating on the ceiling

Mute the song that was played loudly
I know why umm cause

I don't wanna stay, I don't wanna play
I don't wanna have this nightmare again
Sorry I'm not sorry
I don't think it's my fault

Thank you for tonight, for a lovely night
I'll say hello lightly
Sorry I'm not sorry
I never wanna see you again

I'm drunk in the upset feeling
Walking around
Your appearance that will soon become shabby
It's so clear in front of my eyes

Why do you say it like you cry
Just make excuses for me
Because of the growing lies
Don't know why
I can't help it

I don't wanna stay, I don't wanna play
I wanna never have this nightmare again, no
Sorry I'm not sorry
(But) I don't think it's my fault

Thank you for the night, for a lovely night
I'll never see you again, no
Sorry I'm not sorry
But, you're never gonna see me again
