MONSTA, we're united together  
Counterattack by rebellion  
Now pull the trigger and we never change  
Daedong unity  
Swallow the past and let the real thing come  
Shred the brush on the paper

Yeah MONSTA X, we the best best

I think it's full of lies  
It's full of scars  
Everything is accomplished because of you  
Swallowed by the rising darkness  
I need you, you need me  
I want to be with you  
Until I reach those stars

MONSTA, we're united together  
Counterattack by rebellion  
Now pull the trigger and we never change  
Daedong unity  
Swallow the past and let the real thing come  
Shred the brush on the paper

The food called the stage, we are food, gluttony to your place  
Haters' interest = Hyung's staple food that goes up snacks during the break

Equipped with basic common sense, we're busy with even two bodies  
As I said before, we are a selfish group

You have no choice but to be greedy  
From the beginning until now I come  
Burn hotter only to you  
Forget all the words you said it would end  
I will keep it forever, our memories  
I try to get up again

MONSTA, we're united together  
Counterattack by rebellion  
Now pull the trigger and we never change  
Daedong unity  
Swallow the past and let the real thing come  
Shred the brush on the paper

Daedong Unite Daedong Unite Daedong Unite  
Daedong Unite Daedong Unite Daedong Unite

Treat me carelessly and turn into a monster  
They become celebrity sick and change  
Take all the strange gestures right away  
You're better off saying demise than monsters ah  
Hold on to a popular dance and catch where you went  
Hold your posture again, hold everything mental  
In that case, we are united in Daedong
