I don't want to stop in thrill
Hey, tell me what you want what you want right now

Right now now now
Pull and push me
Go all in and smash it, no, forget me

Ecstatic, dangerous, sweet, and reading at the same time
Ice and cheers in hot whiskey when swallowed

The driving emotion, the moment I hold you in my hand
Don't stimulate me anymore (don't stimulate me)
As much as I can make you cry (Girl, I can make you cry)

I hope you don't make me take the test
I pray earnestly
To me you are a beautiful being who is very sick and sad

Rather drive more, don't let me go (push me more)

My life has become free of love because of you
I feel interested, the limits are endless, I'm out of control
