

Be Forewarned

Monster Magnet

As I awake
In the darkness
And I look around
There is no sound

It's so tranquil
It's so calm, like you
Now I hear a noise
Is there any way out of this nightmare? I'm alone now

And you're laughing at me
But I take life
In a way that you could never see, so if you're leaving

You better let me know
'Cause I've already started my plan
And I'm never gonna let you go, no

I've lived on the Dark Side of the Moon
And I've been to the heart of the Sun, yeah
And I've been to bed with many ladies
I killed many a man before my sixteenth year was done

So you be forewarned
'Cause I'm coming after you
Next time I catch you
I ain't never gonna let you go, no

Some people think I'm an advocate of Lucifer
Some say I'm a child of God, yes they do
Some people think I've got the nine lives of a cat
And others say I'm as filthy as a dog, a wretched dog

So you be forewarned
'Cause I'm coming after you
Next time I catch you
I ain't never gonna let you go, no

Oh-oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh-oh, oh-oh

Oh-oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh-oh, oh-oh
Oh

So you be forewarned
'Cause I'm coming right on your tail
And when I catch you
I ain't never gonna let you go, no
