

Golden Woman

Monster Truck

Long legs, blonde hair
She got attitude to spare
She's made of pure gold
If you wanna, can't compare, oh yeah
Oh yeah

She gave me everything
A straight man could want
She's a lover like no other
And she puts it out on front, oh yeah
Oh yeah

I got a golden woman and she knows how to treat a man
I got a golden woman and she knows how to treat a man
She's a real hot momma, melt your heart with a single glance, y
eah
I got a golden woman and she knows how to treat a man

Fishnets, thigh highs
Gonna take her home tonight
She's my little baby
And she knows I do it right, oh yeah
Oh yeah

I'm her, she's mine
Be there till the end of time
She got everything I want
And everything I need, oh yeah
Oh yeah

I got a golden woman and she knows how to treat a man
I got a golden woman and she knows how to treat a man
She's a real hot momma, melt your heart with a single glance, y
eah
I got a golden woman and she knows how to treat a man

I got a golden woman and she knows how to treat a man
I got a golden woman and she knows how to treat a man
She's a real hot momma, melt your heart with a single glance, y
eah
I got a golden woman and she knows how to treat a man
