Eternal Void

Monstrosity

Dead stark eyes
Blood is coursing
Adrenalized
Parasites
Drugged, Blinded
Ripped in two

The prison lies inside your mind
These illusions now come to life
The weakness crawling through your skin
Unveil the price

Eternal void

Eternal void

Magnetically charged
Indoctrination of a different kind
Razor sharp
A sphere of the truth, unexposed

The prison lies inside your mind
These illusions now come to life
The delusions lead you to your doom
And now you must pay

Eternal void

Eternal void

Trapped
In a world of fading dreams
Encaged
For life
In a vortex of the mind

Cult

Addiction

Lust for control
The pyramid falls as one
The only way is down
Confusion echoes through

Congregation of the dead
