

# The Hive

## Monstrosity

In the hive  
Caught in the maze of life's mire  
In the hive  
Vanquished life in a fatal crawl  
A colony of frozen life is gone

Hidden  
Mixed in the median for the longest eternity  
Alive  
In the form of our vastness  
Working  
Towards the collective goals of dire terminality  
Unconscious  
Thoughts of indifference manifest amongst  
The Hive!

Clash of the pillaged nest  
Rivals of the stress crawling workers besieged  
They invade to engage

Parallels divide  
In a covert silent raid  
Falling in line  
Marching that creates  
A chain of

Action  
Advancing enemies spell defeat  
Captured  
In the wake of the dead  
Collective  
Shared in enduring change  
Victory bestowed  
Subjected amongst  
The Hive!

Clash of the pillaged nest  
Rivals of the stress crawling workers besieged  
They invade to engage

Parallels divide  
This chain of life  
Allies
