

The Proselygeist

Monstrosity

Outcast from unclear hatred
Inherent shame resides
Surrounding praise now rectified
Dismantled shrouds of darkness
Enabled seething rage
Pariahs crush of the royal blood

As you seek the light
And your pray for answers
You're exalted in your domain
The Proselygeist

Your spirit has been shattered
Cast through the cauldrons blaze
A lifeless void in your soul now burns
And now you're full of weakness
As you spew your words
A cold addictive rush now churns

As you seek the light
And your pray for answers
You're exalted in your domain
The Proselygeist

When you look for reasons
In your quest for life
Destroy uncertainty that wields the knife
The Proselygeist

Solo: English

The Proselygeist
Preaching to falter
The Proselygeist
Scourge amongst men
The Proselygeist
Wash away the lies of illusion
The Proselygeist

Solo: Barnes

You speak of truth revealed
You propagate answers
Outside the reaches of dormant life
Assailed at every turn
...And now you preach

Solo: Barnes

Theater of indoctrination
And the powers of persuasion
Amongst the laughing menace
The pulpit from the grave

Solo: Barnes

As you seek the light

And your pray for answers
You're exalted in your domain
The Proselygeist

When you look for reasons
In your quest for life
Destroy uncertainty that wields the knife
The Proselygeist
