Montaigne

I'll put you in amber
I'll fossilize you tenderly
Tender is how we will be
Found by archaeologists
Or maybe you're a butterfly-to-be
Cocoonize you, we will see
Butterfly, don't fly from me
Maybe find a vampire
To bite you instead
You could be
My undead
Or a chip in your head
Upload you
To the web
All I'm saying is
Everyday I'm praying that
I never have to say goodbye
'Cause

If you die before me
I will die before you
There won't be no dying
Unless it is me first
I don't know what I'd do
If I didn't have you
So I'm gonna have to
Bubble wrap you, baby

Bubble wrap you, baby
Bubble wrap you, baby

I had a dream last night
You were there with me
And I realized that if
I could stay in my dreams
Then I could have you all the time
Wouldn't even have to try
Eat or sleep
Because we are figments of my mind
Or maybe code a matrix instead
I could be
Trinity
Put the stick in our heads
You could be
Neo

All I'm saying is
Everyday I'm praying that
I never have to say goodbye
'Cause

If you die before me
I will die before you
There won't be no dying
Unless it is me first
I don't know what I'd do
If I didn't have you

So I'm gonna have to
Bubble wrap you, baby

Bubble wrap you, baby

Put you in my cocoon

My little spoon

You are the moon

In my eyes

Kill the chariot

My bubblet

I'm BMO

I'll handle it

You can count on it

You will never die

If you die before me

I will die before you

There won't be no dying

Unless it is me first

I don't know what I'd do

If I didn't have you

So I'm gonna have to

Bubble wrap you, baby

Bubble wrap you, baby
