

## swim back

Montaigne

Is this what you want?  
Wrecked on the hunt  
For impossible treasure  
I'm floating at sea  
All the debris  
Lifeless around me

Don't know where I belong  
But it's not to you  
Treading water  
Out in the blue  
When I'm stranded  
How do  
I swim back to me  
And not to you?  
I swim back to me  
And not to...

You tug at the thread  
Get in my head  
Til I unravel  
Never good enough  
Brushing it off  
Losing the paddle

Don't know where I belong  
But it's not to you  
Treading water  
Out in the blue  
When I'm stranded how do  
I swim back to me  
And not to you?

I'm getting tired always fighting  
Up against your current  
Open my eyes the sun is bright  
I'm blind to where I'm going  
All I know in the undertow  
I'll swim back to me and not to you  
I'll swim back to me and not to you  
I'll swim back to me and not to you  
I'll swim back to me and not to you  
I'll swim back to me and not to you
