Montana of 300

(DeCicco...)

(Hey DeCicco, what up my nigga?)

Gotta watch out for them snakes, watch out for them snakes  
Tryna guess how much you make  
Tryna watch your plate (Watch it)  
Niggas'll cross you for that cake  
Love could turn to hate (Turn)  
You catch a snake then cut 'em off 'fore it get too late  
You gotta watch out for them snakes, watch out for them snakes  
Tryna guess how much you make  
Tryna watch your plate (Watch it)  
Niggas'll cross you for that cake  
Love could turn to hate (Turn)  
You catch a snake then cut 'em off 'fore it get too late, aye  
Yeah

Look I don't care how you cut it  
Friendships don't come with a budget  
If niggas hating and plotting  
Make pussies bleed like they spotting  
They talking foul 'cause I'm balling  
That shit blew me like a whistle  
But when the snakes feeling hungry  
Then loyalties out the window  
These niggas' egos'll flip  
Might take your life for your money  
You seen how Rico did Mitch  
And you seen what Ice did to Sonny  
They see you getting money and start acting like you owe 'em  
Must be high off crack, niggas stop acting like you owe them  
And it's a shame that I gotta lay with my choppa  
K's at me casa if they wanna pop up  
I'll have 'em running home like they play for the Dodgers  
I done seen some niggas that got changed for a dollar  
Don't pray on your partner, there's ways you could prosper  
I gotta move with love, can't have hate on my roster  
But would you hate this hard if I stayed at the bottom  
Knives in my back but it made me a monster

Gotta watch out for them snakes, watch out for them snakes  
Tryna guess how much you make  
Tryna watch your plate (Watch it)  
Niggas'll cross you for that cake  
Love could turn to hate (Turn)  
You catch a snake then cut 'em off 'fore it get too late  
You gotta watch out for them snakes, watch out for them snakes  
Tryna guess how much you make  
Tryna watch your plate (Watch it)  
Niggas'll cross you for that cake  
Love could turn to hate (Turn)  
You catch a snake then cut 'em off 'fore it get too late, aye  
Yeah

You gotta watch for the nigga that tell you they loyal (Tell you they loyal)  
You gotta watch for the nigga that's claiming they loyal (That's claiming they loyal)

If niggas saying they your brother  
That bitch you lovin', she don't love you (No)  
That bitch you fuckin', she'll leave for the money  
I promise she'll flip like a quarter (I promise)  
Everything I'm reppin' happened that order  
But I kept my head way, way up while they looked down on me  
I want fam, fed up, cryin' tears with all lies on me  
I could've gave up but too many people rely on me  
Too many switched sides on me  
So I can't trust no one (No one)  
Don't even trust myself (I don't)  
But I keep a big ol' gun (Brrat)  
Pop pills for my mental health (Forreal)  
I'll prolly kill myself (Forreal)  
Before I let one of these fuck niggas take me away from my kid forreal  
Derez De'Shon yeah

Gotta watch out for them snakes, watch out for them snakes  
Tryna guess how much you make  
Tryna watch your plate (Watch it)  
Niggas'll cross you for that cake  
Love could turn to hate (Turn)  
You catch a snake then cut 'em off 'fore it get too late  
You gotta watch out for them snakes, watch out for them snakes  
Tryna guess how much you make  
Tryna watch your plate (Watch it)  
Niggas'll cross you for that cake  
Love could turn to hate (Turn)  
You catch a snake then cut 'em off 'fore it get too late, aye
