

The Man

Montana of 300

I'm the man
I came up from nothing, shout out to my fans
I'm the man
I knew that since I could count up on my hands
I'm the man
If you didn't know, well here I am
I'm the man
Women on my dick, cause' they know who I am
I'm the man
Aye, I'm the man fresh as fuck they like "damn"
Every track I get on I be slayin'
They just hate what I become, I'm the man
Ayeeeee

I'm the man
Yeah, she know I'm the man
Pussy good, I like how she roll and pop it like a xan
I got hood, plus I got green on me, I'm fly like Peter Pan
Niggas, mad, cause' she didn't pick you squares, but this ain't Instagram, y
eah
Aquaman with the flow, I'm so wavy with it
Rapper plus CEO, Weezy, Baby with it
All these hoes wanna see us, like they be crippling
They check up on the kid like they baby-sitting
Any request I make, I swear they be with it
I'm too saucy, I got your lady dripping
Wanna drop it on me
Keep a rocket on me
Her man play, I pull up like McGrady with it
Might kill him and then get fly when it's over
Drip clothes baby, cry on my shoulder
I didn't smoke, I didn't drink, I didn't pour up
I was too focused on getting my dough up
Pistol on me because I'm a soldier
Gotta be here for my kids when they grow up
Had to pull out the page just to blow up
Every city be lit when we show up
Way before the fame and these shows, motherfucker
I was living in the trenches, I was poor, motherfucker
Had to heat the house up with the stove, motherfucker
We got hungry, then we stole from the store, motherfucker
Even hustled in the snow, I'm a cold motherfucker
Got my foot up in the door, pockets swole, motherfucker
Pole on me, never played around with no motherfucker
Took a couple out they glo, had to show a motherfucker

I'm the man
I came up from nothing, shout out to my fans
I'm the man
I knew that since I could count up on my hands
I'm the man
If you didn't know, well here I am
I'm the man
Women on my dick, cause' they know who I am
I'm the man
Aye, I'm the man fresh as fuck they like "damn"
Every track I get on I be slayin'

They just hate what I become, I'm the man
Ayeeeeee

Tigue' shit
I'm the man, I'm the man
Just admit that I am
I got bands in my pants
Where I'm from, you never get a chance
No, they don't understand
I had to come up with a plan
Took a risk for them bands
Before a nigga had fans
All these hoes wanna link with my sausage
I'm that nigga, I can't get your bitch off me
Hit your bae once
