

Better Off

Montell Fish

Better off not in love
But I fall for it every time
Better off not in love
But I fall for it every time

You say it gets easy with time
Praying that this peace I'll find
Hoping that we spend some time
Charlotte, my darling
Why I never hear you calling?

You say it gets easy with time
Tell me is that just a lie?
Been holding on for dear life
Better off alone at night
Lonely nights

Better off not in love
But I fall for it every time
Better off not in love
But I fall for it every time
