

Destroy Hell

Montell Fish

Honestly bro, I don't even care anymore. I don't!
Yuuh, yuh
Yuuh, yuh!
Yuuh, yuh!

I want to destroy Hell, with my whole life
My whole life I done been deceived
And I don't care if it cost my whole life
I'ma die for Christ, made alive by light
I want to destroy Hell, with my whole life
My whole life I done been deceived
And I don't care if it cost my whole life
I'ma die for Christ, made alive by light

I don't care if you look at me!
This world is lost and is crooked man!
Kill my sin, get it took-en, man!
But now I'm made alive again!
Demons prolly' never thought this one out
New Jerusalem, church bride on the come up
This the song war, tell the worlds we got run up
God on our side, if we die then we come up

I want to destroy Hell, with my whole life
My whole life I done been deceived
And I don't care if it cost my whole life
I'ma die for Christ, made alive by light
I want to destroy Hell, with my whole life
My whole life I done been deceived
And I don't care if it cost my whole life
I'ma die for Christ, made alive by light

Honestly I don't care if you all get offended
You just too religious
Killing all your fans this is time for the children of freedom
Released from the prison to stop all the sinnin'
And start loving people to let it be in us
Forgetting the system it's God's own
Rocking my "power of God" shirt this is the power of God, bruh
The fact that he saved me is nonsense
Honestly I should be locked up
Now I give life cause he gave too
And I don't got time to just talk, bruh
So honestly I'ma just walk, bruh
Down the narrow path
I'm a life and I want it back!

I want to destroy Hell, with my whole life
My whole life I done been deceived
And I don't care if it cost my whole life
I'ma die for Christ, that's a vow!
I want to destroy Hell, with my whole life
My whole life I done been deceived
And I don't care if it cost my whole life
I'ma die for Christ, made alive by light
I want to destroy Hell, with my whole life (Yuuh yuh!)
My whole life I done been deceived (Yuuh yuh!)

And I don't care if it cost my whole life (Yuuh yuh!)
I'ma die for Christ, made alive by light
