

Hold

Montell Fish

Hold on
This ain't gonna last much longer
'Cause you're only getting stronger
So please, hold on

And I know it seems
It seems like battle after battle
Like You left me in the shadows
But I know that's a lie

'Cause You said, Lord
You'd never leave me nor forsake me
Lord, my wrists are feeling shaken
But still, I hold on

Just hold on
This ain't gonna last much longer
'Cause you're only getting stronger
So please, hold on
