

Overcome

Montell Fish

It's the same thing
Just looking over the same things
Is it in my head?
God, I need Your help
'Cause I'm just not strong enough
Father, it's the same pain
It's the same things
Stumbling over and over again

Teach me how, teach me
To overcome
Teach me to overcome

Let me start by saying
There's a lot of crazy stuff about my life that I don't understand
Twenty with no money
College calling like it's Uncle Sam
But I know the Father working all things for the betterment
To those who love Him
And that walk inside His ever perfect plan and perfect Man
But You're shaping me into a perfect man
Dirt and sin is what I'm made from
That's where it all began
So, here I am on my face, Lord
Father, I feel the sin
Pick me up, call my name out
And I answer again
I walk by faith, my eyes don't gotta see it
You told me I'd be a vessel and I settle down and believe it
Told me that they would know You
This crazy Bible I'm reading
It tells me I have the power to sow a seed and then reap it
See, people come to Jesus
I need it, Father, I need it
This world around me is dying
The bright and steady conceded
We're not defeated, an evil force is arriving
Father, just keep us clean
I know the Day is arriving that You come back
That You will overcome

Teach me to overcome
Teach me to overcome

Listen, God, I don't care about no album
I don't care what people are saying
God, I just want to do what You want me to do
God, show me what You want me to do
Tell me how You want me to sound
God, I... just want this to be beautiful for You, God
Oh, You are the Holy God
You are the only God I want to know
I just want my life to be beautiful
So, I hope You think this is beautiful
'Cause this... this album is my prayer to You
And if not one person in this world likes it, God
I just pray that You look down and You smile

And You say, "Yeah my son, well done"
It's something that is beautiful
