

# Theo's Hand

Montell Fish

Picture me, picture me, picture me rollin'  
Isn't he, isn't he, isn't he swollen?  
In the heart is what they said  
When they started in my bed I was dreaming bout them demons they was schemin  
g on me  
(We can get you God won't save ya)  
Listen, he can only lie  
Trolling on the souls of you and I  
I was only seven  
Infatuated with this Hell and Heaven concept  
Planet Earth my conquest like  
(What you wanna see and who you wanna be and what you tryna)  
Do? I ain't been the same since God really, really came through and  
I ain't been afraid in a very, very, very long time  
I ain't been ashamed to say what's on my mind, yeah  
Rocking with a brother that cares about your soul it's  
Funny how the world seeks answers from Miss Cleo and  
Fell so far from the tree we need to pray  
I guess at the end of the day it's in Theo's hands

And if you're looking for love  
You know where to find it at  
And if you're looking for love  
You know where to find it at  
In Theo's hand  
In Theo's hand  
In Theo's hand

Yo, uh  
I said it's getting metaphysical  
Hoping God's plan is gonna meet me at this mistletoe  
My mom said you better go to school  
'Cause I ain't raise no fool this ain't what you 'bout to do to me  
How you gon' make it? How you gon' make it?  
They life is full of chances, Momma, Ima take it  
People tell me "Fish you came so far"  
But my destiny arrived before I even was created  
Ain't it crazy how the angels turn to demons in this world?  
Bunch of evil in this world, it's even in a little girl twerking  
Ten years old, on Facebook  
Got to know you're watchin'  
The last days some sad days keep your Bible's open  
And keep your eyelids open  
The deepest stuff just make you wanna go and drown the ocean  
I'm highly open to your thoughts if you wanna talk  
Tell me, do you believe in God, believe that time He created everything  
Really tell me what's on your mind when you look up at the planet  
And how it cuts in half like it was some freaking magic  
And the solar system hold it together, but where's the magnet?  
I had these questions too, man, I was in my freaking attic screaming  
Had the blunt burning while my mom was staring in my eye  
Don't you lie I know you was smoking boy, I can smell the loud  
I'm praying for you  
Hoping that Jesus gon' let you realize these real lies  
The Devil been working on you for quite some time

And if you're looking for love

You know where to find it at  
And if you're looking for love  
You know where to find it at  
In Theo's hand  
In Theo's hand  
In Theo's hand

I spend my days rolling through the flowers  
My heart, my soul, my Spirit is intact with Yours, yeah  
So maybe we can walk side by side, just You and I  
My friend, my lover, You treat me like no other  
And when it rains, I call on You  
You my Saturday, Friday, and Sunday, too  
Because You're my weak-end  
You give me strength for all my weakness  
And I know that I'll never regret it  
All the times that I spend on Your chest  
You love me  
Never love-me-not  
Wait  
That's all I got
