

Wings

Montell Fish

Fly my wings
Sometimes I still wish, yes
That we would stick here together
And if I missed you
I would go write you a letter
Please don't forget us

I'ma go fly my wings
Finally it is our time
I'ma go spread my wings
Soarin' through the blue skies
You don't got to worry 'bout me
Finally it is our time
I'ma go spread my wings
Soarin' through the blue skies
You don't got to worry 'bout...

We both knew this day would come
But here we are, all we got
Nothin' to lose, nothin' to prove
We just go on, keep movin' forward, oh

You don't got to worry 'bout me
Finally it is our time
I'ma go spread my wings
Soarin' through the blue skies
You don't got to worry 'bout me
Finally it is our time
I'ma go spread my wings
Soarin' through the blue skies
You don't gotta worry 'bout me
Finally it is our time
I'ma go spread my wings
Soarin' through the blue skies

...me
Finally it is our time
I'ma go spread my wings
Soarin' through the blue skies
You don't gotta worry 'bout me
Finally it is our time
I'ma go spread my wings
Soarin' through the blue skies
You don't gotta worry 'bout...
