

# Do You?

Montell Jordan

Hey, baby  
What do you do  
When I'm not there  
Question been on my mind  
Letting you know I'm coming  
But before I get there  
Tell me, do you  
Do you play the music low  
And burn your candles  
Do you touch yourself  
Pretending that you're me  
Do you think of me  
With toys and things inside you  
Do you wish your hands  
Were my hand  
Making you scream  
Oh baby  
Do you  
Do you think of me  
Do you wish I was there  
Killing you softly  
Do you  
Do you  
Do you

Do you still close your eyes  
Every night and fantasize  
Baby tell me  
Do you  
Do you lick your lips  
Remembering how it tasted  
Do you miss the tender  
Kisses down below  
Do your fingers do the walking  
When you hear our favorite  
Song again  
I wanna know  
How do you please yourself  
When you're all alone

Tell me what do you do  
When I'm not there  
Do you massage your own body  
Do you wash your own hair  
Do you caress your own thighs  
Do you
