

# The Rain

Montell Jordan

Listen  
Shh..  
You hear that?  
Can you hear that?  
Listen

Ohh, ohh, ohh

Lying in my bedroom next to me  
Nervous like a child playing hide and seek  
I never knew how fast that your heart could beat  
It's like it's your first time

But now that your intentions have been revealed  
You wanna feel what lovers feel  
There's no need to pretend if you don't know how  
I'm gonna show you now

- Just say what you're feeling  
Your secret is safe with me  
Tell me your deepest thoughts  
Whisper your fantasies  
My love will never stop  
I'll kiss you as every drop  
Of the rain drops down

No, you're not dreaming  
This is reality  
More than you bargained for  
All that you'll ever need  
Everytime you come  
It's like heaven opens up  
And the rain comes down

First you'll feel all warm and tingly  
Right before your legs start trembling  
And you explode, from your head to your toes  
You're feeling something that you never felt before

Together we'll experience the warmth inside  
Until the very moment that we both arrive  
You'll scream, shake and cry  
Feeling so remarkable, it's hard to describe

Yeah, yeah, yeah

Making love in the rain  
Losing ourselves in the storm again  
Goin' everywhere  
This is the closest that we'll ever come to heaven  
Ahh

No you're not dreaming  
Don't be afraid  
This is the way we're gonna stay  
No you're not dreaming  
I'll keep your secret from yourself inside the living
