

# Tricks On My Mind

Montell Jordan

Why you wanna play tricks on my mind  
Why you wanna play tricks on my mind  
Why you wanna play tricks on my mind  
Why you wanna play tricks on my mind

Come on in, dim the lights  
We can touch and then you can feel me rise  
I know you wanna do your thing  
But you just wanna keep holding out on me

Your body's playing tricks on my mind  
All of your crazy games are driving me wild  
Yes so wild and I'm so hypnotized  
Stop playing tricks on my mind

Oh, you know how to tease me  
Even when you go down on your knees  
Girl, don't I treat you right all the time  
So don't you wanna know what good love feels like

I know you remember  
You kissed me you touched me  
You liked the control  
You're body says yes  
But you're telling me no

So now girl I'm wondering how far we can go  
You know you, you want  
So why you wanna play with your body

(Why you wanna play)  
(Why, why, why you wanna play with your body)  
(Why, why, why you wanna play)  
(Why, why, why you wanna play with your body)  
Tell me why you wanna play

Your body's playing tricks on my mind  
All of your crazy games are driving me wild  
Yes so wild and I'm so hypnotized  
Stop playing tricks on my mind

I know you remember  
You kissed me you touched me  
You liked the control  
You're body says yes  
But you're telling me no

Your body's playing tricks on my mind  
All of your crazy games are driving me wild  
Yes so wild and I'm so hypnotized  
Stop playing tricks on my mind

Why you wanna play tricks on my mind  
Why you wanna play tricks on my mind  
Why you wanna play tricks on my mind  
Why you wanna play tricks on my mind
