

When I'm Around You

Montell Jordan

When I'm around you
When I'm around you
When I'm around you

I've been waiting
For the perfect opportunity to talk to you, and say
I be getting funny feelings girl
Even though we're together
I still lose my cool and then my words get in the way, and oh

When I'm around you
I be stumbling over my feet (yeah)
When I'm around you
My heart just skips a beat (yeah)
When I'm around you
I be mumbling over my words
When I'm around you
When I'm around you
When I'm around you

I gotta get this game plan tight
I gotta make my next move right
I gotta do what I gotta do
I'm so into you,
You got me open
Right now girl

I seem cool but inside I'm shaking
I'm talking every little step I'm taking
You're fine and we're fine
But in mind

Baby, I swear I refuse
To get comfortable and lose
The thing that made us fall in love
I remember the first time we met
Girl I'll never forget what I felt

When I'm around you
I be stumbling over my feet (yeah)
When I'm around you
My heart just skips a beat (yeah)
When I'm around you
I be mumbling over my words
When I'm around you
When I'm around you
When I'm around you (I go crazy, crazy when I'm around you!)

1... then comes the 2 to the 3 to the 4
When I'm round you girl I only want more
What we got is timeless
Put you on a plane and fly you to islands
I'm like, who got my heart for forever it's you
Who held me down made me better it's you
Was slipping and my eyes had me trippin'
I was living like I didn't recognize it's a privilege
But true

Love is hard to find in this day & time
People lyin', don't nobody wanna be tied down
But you got me on the ropes for it
Issa wrap
So you know I probably wrote for it
I'm old school like Gazelles with the fat laces
I still believe in chivalry it's that basic
I open up the door of my heart
Let you in
While my man Montell sing his part

When I'm around you
I be stumbling over my feet (yeah)
When I'm around you
My heart just skips a beat (yeah)
When I'm around you
I be mumbling over my words
When I'm around you
When I'm around you
When I'm around you

When I'm around you
I be stumbling over my feet (yeah)
When I'm around you
My heart just skips a beat (yeah)
When I'm around you
I be mumbling over my words
When I'm around you
When I'm around you
When I'm around you
