

# Folks Like Us

Montgomery Gentry

We're scattered out  
On rural routes everywhere  
From California to  
The Carolines

Flag wavin', Jesus prayin'  
Mama lovin', don't care  
Redneck, white shirt  
Blue jean kind

Folks like us  
Like to live a little  
Honest, simple  
Outside, small town  
America  
Dream chasin', beer drinkin'  
Raise 'em up, if you're thinkin'  
This ole' world ain't got enough  
Boot wearin', God fearin'  
Folks like us

With Folgers in a Thermos  
At the door with a brown bag  
Steel toes on the go  
With the risin' sun

Even when the wind  
Ain't at our backs  
We don't quit, won't quit  
'Till the job gets done

Folks like us  
Like to live a little  
Honest, simple

Outside, small town  
America  
Dream chasin', beer drinkin'  
Raise 'em up, if you're thinkin'  
This ole' world ain't got enough  
Boot wearin', God fearin'  
Folks like us

Come on, now

We hang out, just a little too much  
Hey, the way it is now, ain't the way it was  
A whole lot of real and a little less fake  
Yeah, I guess that makes

Folks like us  
Yeah, folks like us

Folks like us  
Like to live a little  
Honest, simple  
Outside, small town

America  
Dream chasin', beer drinkin'  
Raise 'em up, if you're thinkin'  
This ole' world ain't got enough  
Boot wearin', God fearin'  
Folks like us  
No there just ain't enough
