One in a Million

Monty Are I

You look right at me and you say something, It's more convincing to hear song birds sing. You've got a lot to learn, can't mess with me. Gave you a compass, now you're lost at sea.

It's heating up the tension, thick, so thick. I'm like a wolf huffing down the bricks. Two words, and I can let them burn and burn. No time for this, you've got a lot to learn.

So I'm taking a stand, It's your last second chance, cause I am.

I am, one in a million. (I am) I am, one in a million. You can thank your lucky stars it'll fall to this part Cause I am, (I am), one in a million, One in a million.

The words infect me like a bad disease, And now I'm sick cause you lied to me, Call in a medic there's no turning back, One single moment, and it all goes bad.

So I'm taking a stand, It's your last second chance, cause I am.

I am, one in a million. (I am) I am, one in a million. You can thank your lucky stars it'll fall to this part Cause I am, (I am), one in a million, One in a million.

I'm blown away, that you threw all away. And I won't hear anything, Won't you give me a reason? I'm blown away, and now you owe me everything. And if there's anything you owe me more...

Cause I'm one in a million. I am one in a million.

I am, one in a million. (I am) I am, one in a million. You can thank your lucky stars it'll fall to this part Cause I am, (I am), one in a million, One in a million. One in a million. One in a million.
