

# Blue Sky Thinking

## Monuments

Infinite power  
Surely hides in their faces  
What you didn't know  
We're ready to take them  
It's the time to act  
We will remain free  
We're ready for war  
'Cause we will not stop

I watch this world go running through our hands  
We are paying a price for all the things we do not need  
And the violence streams and I don't know  
If we're living in another 1000 years of greed

Can we face these lies  
'Cause I hate to think what more we will do wrong  
We were born to rise  
(Upgrade this world don't destroy it)  
And our manifesto surely has to change

No, I won't be torn apart  
By their bullshit thinking  
No, I won't be torn apart

Strike my eyes  
I can't quite believe it  
We are cold inside  
For this blood is on our hands  
Crawl, there won't be a man controlled  
I'm not paranoid so go fuck yourself  
We'll start to change this scene

Here we are inside  
A world of pain that isn't kind  
Here we are inside  
A world of pain  
It won't go away, no

Will never go

And this world is turned into a nightmare  
The seizures in this hole won't go away  
And it's hard for me to carry on  
Our everything fades to grey

Can we face these lies  
'Cause I hate to think what more we will do wrong  
We were born to rise  
(Upgrade this world don't destroy it)  
And our manifesto surely has to change

No, I won't be torn apart  
By their bullshit thinking  
No, I won't be torn apart  
By their worldless actions
