

Keep It Together

Moon Taxi

I laugh to make you think
That I'm the same old me
But talking honestly
I'm tearing at the seams

How do I keep it, keep it
Together with a hole in my heart?
How do I keep it, keep it
Together when I'm falling apart?

Keep it together
Keep it together
Keep it together, oh
How do I
Keep it together
Keep it together
Keep it together, oh

I wish that I could let you in
But where would I begin?
'Cause I sink when I swim
And I lose when I win

How do I keep it, keep it
Together with a hole in my heart?
How do I keep it, keep it
Together when I'm falling apart?

Keep it together
Keep it together
Keep it together, oh
How do I
Keep it together
Keep it together
Keep it together, oh
How do I
Keep it together
Keep it together
Keep it together, oh
Oh, oh

'Cause I'm trying yeah I'm trying
To talk these demons down
But they're fighting, yeah they're fighting
No, they won't listen now

How do I keep it, keep it
Together with a hole in my heart?
How do I keep it, keep it
Together when I'm breaking apart?
How do I keep it, keep it
Together with a hole in my heart?
How do I keep it, keep it
Together when I'm breaking apart?

Keep it together
Keep it together

Keep it together, oh
How do I
Keep it together
Keep it together
Keep it together, oh
How do I
Keep it together
Keep it together
Keep it together, oh
How do I
Keep it together
Keep it together
Keep it together, oh
