It must be tought for a while  
Could we meet again like we did before  
I want to tell, I want to tell  
But you are nowhere to be found

Okay, you may leave as you please  
I will forget all the memories with you  
I will stay fine and forget you

Believe it or not, love is always  
To be give or to receive, fading away eventually  
You who came to me are nowhere to be found  
And I too am nowhere to be found

I promise U I promise U  
I will forget you  
I can't love with U I can't love with U  
Oh no, I will be gone in the memory

To let go of you at one  
I have loved you too much  
I want to tell, I want to tell  
But you are nowhere to be found

Walk away, walk on each other's path  
Piling up the torn letter is puling up  
Although alone, although late  
I get to you carrying torn letters

Give me more time, give me just one chance  
Someday you would too, like me  
Regret time when you acted as you pleased

I promise U I promise U  
I will forget you  
I can't love with U I can't love with U  
Oh no, I will be gone in the memory

As far as you could  
You have gone far away  
We can't never go back to then

I didn't want to believe it

I've always trusted you and you left me mercilessly  
I had to cry for a long time  
I've tried leaning on that moonlight  
But still couldn't see you who left

After sending you  
How long have I remained tried  
I deep in side my heart hold me now  
Cause I miss U baby

I can't love with U I can't love with U  
I will forget you  
Oh I promise U I promise U  
Oh no, I will be gone in the memory

You told me to leave, to forget  
I will try to forget  
All right, I will get rid of you in mind  
Right, it's already fading away from my memory

You told me to leave, to forget  
I will try to forget  
All right, I will get rid of you in mind  
Right, it's already fading away from my memory

I've forgotten you
