

# Do My Dance

Moonchild Sanelly

I don't want no head in my house  
I just want it in between my legs and between my thighs  
I don't take no rules from a mouse  
I just love to live on my own terms  
And on my own time  
And on my own time

We are four bad bitches who don't need no boys  
We just play for fun 'cause they be our toys  
We don't have no time to be choosing one  
Like a circus we be juggling balls  
Oh, oh, oh, oh, oh  
I'm busy with money  
I catch flights not feeling  
Oh, oh, oh, oh, oh  
The waiter just told me  
They buying, we sipping

I don't want no head in my house  
I just want it in between my legs and between my thighs  
I don't take no rules from a mouse  
I just love to live on my own terms  
And on my own time  
And on my own time

Yeah we know we're fly so you'll struggle on  
'Cause we pop bottles and we pop the cork  
I don't need to screw you but I'll wine it on  
Keep a secret and unlock my doors  
Oh, oh, oh, oh  
We take it, we drink it  
We kiss on the receipt  
Oh, oh, oh, oh  
I'm jumping on the tables  
We single, we paying

I don't want no head in my house  
I just want it in between my legs and between my thighs  
I don't take no rules from a mouse  
I just love to live on my own terms  
And on my own time  
And on my own time

Do my, do my, do my dance  
Do my, do my, do my dance

Tring-tring  
My phone rings  
My other boy, he craves me, I decline  
My evening, I planned that  
I'm leaving

Tring-tring  
My phone rings  
My other boy, he craves me, I decline  
My evening, I planned that  
I'm leaving  
I'm going out with my bitch  
My girls, that's on period  
I'm partying  
I'm dancing  
I'm looking for new fish

I don't want no head in my house  
I just want it in between my legs and between my thighs  
I don't take no rules from a mouse  
I just love to live on my own terms  
And on my own time  
And on my own time  
And on my own time
