

# Let It Rip

Moonchild Sanelly

If you took your bae to 2021  
If you still get hot 'cause you're keeping them around  
Let it rip, honey, let it rip  
Let it rip, honey, let it rip  
If you notice ama ring  
And the phone don't ring, there's no texting  
Wonke umntu u ill  
Let it rip, honey, let it rip  
Let it rip, honey, let it rip  
If you're looking for a bae, ask Cyril, who's the king  
If you love to dance, but you have to quarantine  
Let it drip, honey, let it rip  
Let it drip, honey, let it rip  
When you're all dressed up, but the gates are closed  
When you're home alone and you can't get booze  
Let it rip, honey, let it rip  
Let it rip, honey, let it rip
