Moonchild Sanelly

I know you married, I don't want much
I know you want it, but u loyal
Don't think it too much, sapha sandla
Make you forget, zonke i-problems
Show me your bank card, buy the condoms
Send an eWallet, then we can roll
Iskoli no no, don't fuck with knockoffs
No, I don't fuck with knockoffs

You've got that something I vibe too late
Sewuthathiwe, now u married
No problem, I like it, I want it, let's get it

Sewuthathiwe, now u married
No problem, I like it, I want it, let's get it

Got into my business, not part of my wishlist
I'ma give you space, and I love this position
No pressure, no cheatin'
We're playing on schedule
I want the dough, I want the D, there's no attachments to thee
