

Every Part (For Linda)

Moonchild

Silly dancing 'round the house
Laughing who knows what about
Wine and popcorn before bed, look to the light

Always craving something sweet
Always doing something for somebody
Every time that I turn around, I look to the light

To see
You smiling back at me

Oh you're with me all the time
Everything I do
You're always on my mind
You're in every part of me

Oh I know that I traveled too far
Never wanted to break your heart
Believe, you're the one that gets me through I look to the light

Nobody's ever gonna love me the way you do
I know, it'll always be the truth
Every time I lose myself I look to the light

To see
You smiling back at me

Oh you're with me all the time
Everything I do
You're always on my mind
You're in every part of me
