

Sometimes, gotta remind myself
(Yes I know I'll get by, yes I know I'll get by)
Sometimes, gotta remind myself
(Yes I know I'll get by, yes I know)
(Yes I know I'll get by, yes I know I'll get by)
(Yes I know I'll get by, yes I know)
Gotta remind myself, sometimes

Yes I know I'll get by
(I'll get by, I'll get by, get by)
Even though it don't feel like it sometimes
Yes I know I'll get by, yes I know
(I'll get by, I'll get by, get by)
Yes, I know I'll get by

Daydreamer
You're missing the day
Stay dreaming
You're getting in your own way
You should really grow up
Shall I get my glow up?
I been getting hella shine while I'm on my way up
Shall I say my glow up?
Excuse me for the mix up
Had to put my phone down just to get my weight up
Bitch, hold up
Now I am the wave, now, so my board is up
Coasting on the wood now, so my surf is up
I been just laughing, they gas me
Riding on Purp and pink planets, wow

Wow, mhm, mmm (I know, I know)
Gotta remind myself (Mmm, mmm)
I'll get by, get by

Yes I know I'll get by, yes I know I'll get by
Me, myself and I (I'll get by)
Yes I know I'll get by, yes I know
I know, I know
We'll get by
I'll get by, I'll get by, get by
