

Gone

Moonchild

Like the wind through the trees
Gone like the warmth of a summer breeze
Gone like a runaway left today now he's keeping out of sight

Like a cry from a baby's chest
Gone like your youth and your innocence
Gone like the feeling it'll be alright

Like the life from a rose in winter
Cast out like another sinner
Gone like your mind with age
Done like a story on the final page

Like a man in the dead of night
Left with the words from another fight
Nothing seems to make it feel alright

Gone

Gone, like my youthful innocence
And my blissful ignorance
These are truthful sentiments
I miss you, I wish you were infinite

I yearn to kiss you, get intimate
I can't see you though my vision's clear
You disappeared like a like a lost treasure
Missing years from the rock record

No effort is of your past prevalence
That's why I wrote this verse
To show my reverent in time every chance when were together
Hence extreme stress and pressure levels ever since you left

I hate to be a pessimist
But how will I survive until your next visit
I'm not even talking about the sex
Your mere presence is exquisite

Can't believe you're gone

Like the wind through the trees
Gone like the warmth of a summer breeze
Gone like a runaway left today now he's keeping out of sight

Like a cry from a baby's chest
Gone like your youth and your innocence
Gone like the feeling it'll be alright

Like the life from a rose in winter
Cast out like another sinner
Gone like your mind with age
Done like a story on the final page

Like a man in the dead of night
Left with the words from another fight
Nothing seems to make it feel alright

Gone
Gone
Gone
Gone
Gone

Don't you long to return to me
You've been gone for eternity
It's so wrong how you're hurting me
Wish I was stronger eternally

And I know it's not what you mean to do
Feels like I'm caught in between the two
Worlds that we separately occupy
Girl, come and get with the proper guy

Turn off the lights and drop the right beat
I got a [?] proper nights sleep
That's wack [?]
Please come back 'cause you're lacking me, H-Mack

And I'm lacking you
Heart black 'til I'm back with you
'Cause you're the one that I'm attracted to
And that's a fact, it's true

Can't believe you're gone

Like the wind through the trees
Gone like the warmth of a summer breeze
Gone like a runaway left today now he's keeping out of sight

Like a cry from a baby's chest
Gone like your youth and your innocence
Gone like the feeling it'll be alright

Like the life from a rose in winter
Cast out like another sinner
Gone like your mind with age
Done like a story on the final page

Like a man in the dead of night
Left with the words from another fight
Nothing seems to make it feel alright

Like the wind through the trees
Gone like the warmth of a summer breeze
Gone like a runaway left today now he's keeping out of sight

Like a cry from a baby's chest
Gone like your youth and your innocence
Gone like the feeling it'll be alright

Like the life from a rose in winter
Cast out like another sinner
Gone like your mind with age
Done like a story on the final page

Like a man in the dead of night
Left with the words from another fight
Nothing seems to make it feel alright
