

## Show The Way

Moonchild

Somethin' turned right up in mystery  
You couldn't hear the things I'd even say  
Caught up in dreams of who I ought to be  
Who are appealin' in their heart can wait

Cause I'm late  
Words won't hold the way  
Please stay  
Show the way you feel

Can't sleep, can't focus  
No, I won't let you go  
I know, I'll only spend the time  
On your love  
It is not letting you off for now  
Finding new ways to show you  
You're the one

Cause I'm late  
Words won't hold the way  
Please stay  
Show the way you feel

Life feels right  
(Leavin' for the ones you love)  
I've found my heart  
(Leavin' for the ones you love)  
(Leavin' for the ones you love)  
Life feels right  
(Leavin' for the ones you love)  
I'm up all night, babe  
(Leavin' for the ones you love)  
Can't, that's mine, babe  
(Leavin' for the ones you love)  
(Oh, leavin' for the ones you love)

Cause I'm late  
Don't you hesitate  
Show the way  
Show the way you feel
