

What You're Doing

Moonchild

I wasn't drinking
Like you're probably thinking
I don't know why I
Laugh at everything you say
Shoulda stepped outside
Lost in your eyes
I'll spend tomorrow
Wishing I had walked away

I'm better than this
I'm smarter than this
I'm cooler than this
I'm funny, dammit
I don't really understand it, no
I'm better than this
I'm smarter than this
I'm cooler than this
I'm funny, dammit
I don't really understand it

What you're doing to me
What you're doing to me
You got me high up, and outta hand, oh
What you're doing to me
What you're doing to me
You got me high up, and outta hand, oh
What you're doing to me

I dream about ya
Saying, "Can't live without ya"
No, I'm not crazy
But dreaming eyes aren't built to behave
I keep my distance
But the universe insists
On laughing at me
Guess who we ran into today

I'm better than this
I'm smarter than this
I'm cooler than this
I'm funny, dammit
I don't really understand it, no
I'm better
I know I'm smarter
I'm cooler than this
I'm funny, dammit
I don't really understand it

What you're doing to me
What you're doing to me
You got me high up, and outta hand
Oh, what you're doing to me
What you're doing to me
You got me high up, and outta hand
What you're doing to me

You'd be so lucky

Lucky to have me in your life
These butterflies
Get me every time

What you're doing to me
What you're doing to me
You got me high up, it's outta hand
Oh, what you're doing to me
What you're doing to me
What you're doing to me
Got me high up, oh

I'm funny, dammit
I don't understand it
Oh, my dreaming eyes
Aren't built to behave
(I'm funny, dammit)
Dammit
(I don't understand)
What you do
(I'm funny, dammit)
What you're doing
(I don't understand)
