

## Irish Coffee

## Moonlight

Give me your hand  
I'll put in on my wet body  
I'm going to test your speed  
In drinking Irish coffee

Don't go away  
You are my lover  
Stay with me  
Play with my body

Sink in desire  
Your death is close  
So give mi your hand  
Stay, please stay  
When you loose yourself  
In my arms  
You'll forget  
About the morning  
It will be your end  
I won't tell you  
Everything  
Love me  
Slink down in me

Love me  
Now  
Cimb my soul to heaven  
I'm revolving in your mouth  
Like a death butterfly
