

# Devilred

**Moonspell**

She wears devilRed  
she sweats the poison  
-all over her  
keeps me quiet  
-inside her storm  
she has the method  
-no other knows  
red as the veins, she likes to swim in  
floating so gently, through this human misery  
She must be a part  
Of a Highest Plan  
Something I cant understand  
she wears devilRed  
Shes selling a damned soul  
To whoever pays the most  
Her body-the cure  
for all evil and good  
red as the veins  
she likes to swim in  
floating so gently  
through this human misery  
She must be a part  
Of the Highest Plan  
Something I cant understand  
she wears devilRed
