

## Herr Spiegelman

### Moonspell

"Everyone considered the man in the blue jacket  
As the most beautiful human being they ever saw"

Look me in the eyes  
Look me in the eyes and drown...

Nuns saw on him the Messiah in flesh  
Satan's adorers the lustrous Prince of Darkness  
Philosophers the Supreme Being  
Young females an enchanted prince  
Men an ideal reflection of themselves (of themselves)  
Men an ideal reflection of themselves (of themselves)

Look me in the eyes  
Look me in the eyes and drown...

I am your vulture, your immoral sculpture  
Mirror man, who understands  
I know you, I am you  
Your fantasy and reality  
I wait for you to welcome you in my dreamworld  
My water-eyes  
I wait for you to welcome you in my dreamworld  
My water-eyes

Look me in the eyes  
Look me in the eyes  
Look me in the eyes  
Touch me in the eyes and dream...
